

COURT ACTIVITY TO BE RESUMED

John F. Goddard of Greensburg Appointed Special Judge to Hear \$3,000 Damage Suit.

SPARKS STILL IN RICHMOND

Rush County Jurist Will Rush Case in Wayne Circuit Court to Get Through Evidence.

After being "dark" for almost three weeks due to the absence of Judge Sparks who is acting as special judge in a case in Richmond, activity will be resumed in the circuit court here Wednesday, when John F. Goddard, an attorney of Greensburg will come here to act as special judge in the damage suit of Dallas Kennerly against the Hodell Furniture Company of Shelbyville.

The case was sent here on a change of venue. It was set for trial Wednesday and rather than disappoint the attorneys in the case Judge Sparks appointed Mr. Goddard as special judge. The amount demanded is \$3,000 and is based on injuries he sustained in the Hodell factory.

The jury has been called for this day. Judge Sparks will be on the bench in Richmond all of this week and probably most of next. Before adjourning court Saturday evening Judge Sparks granted Margaret Ray a divorce from Emmitt Ray upon payment of the costs.

"Speed ahead, all hands on deck," were the orders Judge Will M. Sparks of the Rush circuit court issued this morning when he went on the bench in the Wayne circuit court for the last lap of the Bentlage case. He accepted the appointment as special judge in the case with the expectation that it would not last much over a week or ten days. It has been in progress two weeks and in the meantime Judge Sparks' work here has been piling up. There have been no unnecessary delays, Judge Sparks not allowing any time for attorneys' disputes. He has used the gavel frequently.

Beginning tomorrow morning, court will open at eight-thirty instead of nine-thirty, and only one hour and a quarter will be taken at noon, with adjournment at five o'clock. The plaintiff has not yet concluded its case and it is expected one more day will be required before the defense gets the stand.

"I do not want to hurry this case along too much, but we must eliminate all unnecessary delays," said the judge Friday immediately before adjournment. "I will be unable to arrive here earlier than 9:30 o'clock Monday, but on Tuesday there is no reason why we should not begin at 8:30 o'clock. The afternoon sessions will begin at 1:15 instead of 1:30 o'clock."

HOME-COMING FOR MASONS

Supper Will be Served Tuesday and M. M. Degree Conferred.

Phoenix Lodge, No. 62, F. and A. Masons will hold a home-coming at the Masonic Temple here next Tuesday, November 2. Lodge will be opened at three o'clock in the afternoon and work in the M. M. degree will be given. At six-thirty o'clock supper will be served and the degree work will be concluded after supper. A large crowd of Masons is expected.

Artemas F. Leach is seriously ill at his home on North Sexton street with a very severe case of tonsillitis.

DISCUSS PROPOSED LAW

Trustees Hear Proposal to do Away With County Council.

The county board of education was in session this afternoon in the office of County Superintendent C. M. George. Only the routine business was to come before the meeting. The township trustees discussed in an informal manner a letter sent out by a man named Baker urging the passage of a law changing the present method of township government. The proposed change is taken as a direct slap at the state board of accounts. The proposed change would do away with the county council and let the trustees serve in that capacity.

LARGE SUM OUT AS LAST DAY BEGINS

County Treasurer's Office This Morning Faced Task With \$36,000 on Books to Collect

WILL BE MANY DELINQUENTS

The opening of the final day for paying the fall installment of taxes without the penalty of ten per cent found \$36,000 still out, despite a collection of \$18,000 last Saturday. Officials in the county treasurer's office had little hope of collecting all of this amount and as a result the delinquent list will probably be large.

The final day gave promise of being the busiest of the entire fall rush. With the \$36,000 remaining unpaid, the office was crowded all of the morning. The last chance will be tonight. The office will open at seven o'clock.

DAMAGES OF \$10,000 ASKED BY A WOMAN

Mrs. Bertha Brickert Files Suit Against Samuel T. Overlease For Alleged Assault

MILROY SENSATION AIRE

Mrs. Bertha Brickert, wife of Perry Brickert, has filed a sensational damage suit against Samuel T. Overlease, in which she demands \$10,000. Both parties to the suit live in Milroy. Mrs. Brickert alleges in the complaint that on November 18, 1914 while her husband was away from home, Overlease came to her house and attempted a criminal assault upon her. The basis for the action for damages is the alleged injury she suffered following the attack.

She claims to have suffered greatly from the nervous shock and alleges that she has not yet fully recovered. Mrs. Brickert is represented by Brickert and Brickert of Martinsville and McKee, Frost and Elliott of Connersville.

ALLOW CLAIMS.

The county commissioners were in session today allowing the usual claims. No other business was expected to come before the board and it was possible that a session would be held tomorrow.

John Gilliam and family moved today from Morgan and First to the house recently vacated by Mrs. Ayres, in North Morgan street.

Will Preside At Public Meeting Here

PAST GRAND MASTER EDWIN FARRER.

Past Grand Master Edwin Farrer of this city is a member of Franklin lodge, No. 35, I. O. O. F. He will be the chairman of the public meeting to be held at the Graham Annex auditorium next Thursday

evening following the torchlight parade to be held as a part of the program incident to the district meeting of Odd Fellows. Mr. Farrer is present grand instructor of the Grand Lodge of Indiana.

WEEK OF LECTURES TO BEGIN TONIGHT

Rev. Bertrand L. Conway of New York City Will Discuss Catholic Doctrines at Catholic Church.

COMES HERE FROM LAPORTE

"Is One Church as Good as Another?" This is the title selected by the Rev. Bertrand L. Conway of New York City for his opening lecture tonight in St. Mary's church. These talks on Catholic doctrine will be given each evening through this week at 7:45.

Father Conway, who devotes his time largely to the presentation of Catholic thought to non-Catholic audiences, has been speaking during the past week in the Madison Theater, Laporte, Indiana, to crowds that packed the theater nightly.

The Laporte newspapers devoted a great deal of space to the lectures which seem to have attracted considerable attention.

Rushville Council of the Knights of Columbus has sent out a large number of invitations to the local lectures. Special attention will be accorded non-Catholics and a question box will afford opportunity for all inquiries regarding Catholic faith and practice.

The public generally is invited. Seats free and no collection.

Today is All Saints Day, a holy day in the Catholic church and one of the ancient Christian festivals.

USUAL FALSE ALARM.

The usual hallowe'en false alarm came Saturday night from box 24, corner of Perkins and Sixth street. The alarm was sounded just before midnight and the department made the run. Several people were seen in the neighborhood of the box, but the police have no clew.

Maurice Dill and John Dickson of Indianapolis were the guests yesterday of Harrold Haskett.

CELEBRATED BY SHOOTING

Arthur Franklin Too Hilarious on Hallowe'en Night.

Arthur Franklin, colored, 19, was fined one dollar and costs on a charge of carrying concealed weapons Saturday night. Franklin was out with a crowd of boys celebrating Hallowe'en. He was engaged in "shooting up" East Eighth street when surprised by Chief Rosen-erance and taken before Mayor Bebout. He said he had taken the gun from his mother's home and begged that it be given back to him, but the mayor ordered it turned over to the sheriff to be destroyed.

PENNSYLVANIA PAYS ITS SHARE

Railroad Sends Check For \$3,084.78

For Part of Improvement of West Second Street

OVER HALF OF THE COST

City Treasurer Stech today received a check for \$3,084.78 from the Pennsylvania railroad company in payment for paving of Second street along the property owned by the railway. The Pennsylvania company was the largest contributor to the paving improvement, as its share alone amounted to over half of the total cost of the brick street. Payments on this improvement have been coming in slowly. Few people have signed waivers. Today was the last day for paying on this improvement.

It was also the last day to make payments under the Barrett law assessments for sidewalk and sewer improvements. Unless the payments are made today they will be turned over to the county auditor and placed on the tax duplicates to be collected next spring.

ALL THAT IS LEFT ARE DECORATIONS

Fall Festival and Horse Show But a Memory After Departure of Concessions Saturday Night.

DANCE PAVILLION ATTRACTION

All that remained today of the eighth annual fall festival and horse show were the street decorations. They would not be up yet but for the fact that they will be left for the district meeting of Odd Fellows here Thursday. Most of the concessions pulled out Saturday afternoon and by midnight all of them had gone. The majority of them moved on to Marion where the annual fall exposition will be held this week. The aviator who gave flights here last week shipped his flying machine back to Chicago Saturday.

The dancing pavillion conducted by the Uniform Rank, Knights of Pythias in front of the K. of P. building in Morgan street continued up to the last moment Saturday night to be the leading attraction of the fall festival. The members of the Uniform Rank have been generously and highly complimented for the exemplary conduct which was maintained at the pavillion all the time. The pavillion afforded much pleasure not only for the dancers, but also for the large crowd of spectators each night.

FAILS TO APPEAR AND IS FINED \$10

Mrs. Tom Alzman Arouses Ire of Mayor Bebout Because She Did Not Answer Summons

TO TESTIFY AGAINST HUSBAND

Case Set For Saturday Night is Continued Until Next Friday on That Account

"This thing of taking up my time and then getting nothing done has ceased to be a joke with me," said Mayor Bebout this morning as he fined Mrs. Tom Alzman \$10 and costs for failure to obey a subpoena.

Mrs. Alzman had been summoned to appear against her husband, who was to have been tried Saturday night on an assault and battery charge. She failed to put in an appearance, making it necessary to postpone the Alzman trial until Friday evening at seven-thirty o'clock.

Saturday Mrs. Alzman was anxious to appear against her husband, but it appears as though they have adjusted their troubles. Mayor Bebout stated that the time has passed when anyone can trifle with his court and to show that he meant business fined Mrs. Alzman \$10 and costs, amounting in all to \$20. The fine was stayed.

On several different occasions affidavits have been filed before the mayor and then the prosecuting witness backed out of the proceedings.

The mayor's attitude is that the affidavits should not be filed unless the parties expect to go through with the case. It was intimated that Alzman might have had a hand in inducing his wife not to appear in court.

Alzman was placed in jail following a family fracas at his home in East Eighth street last Friday night. It was alleged that Mrs. Alzman was thrown through a window and badly cut. Alzman told the police that his sister-in-law was the one to blame for the trouble.

BATTLE AT DOUGLAS GETS START TODAY

Last Great Fight of Mexican War Begins When Villa Army of 15,000 Men Approaches.

CARRANZA ARMY ENTRENCHES

(By United Press.) Douglas, Ariz., Nov. 1.—The battle of Agua Prieta believed to be the last great battle of the Mexican civil war, began shortly afternoon today. The Villa army, 10,000 to 15,000 strong, advanced to the attack within two hours after the artillery had been brought up behind a screen of cavalry. There were fifty large guns and sixty machine guns in the first line ranks that hurled themselves against the entrenched Carranza army at Agua Prieta.

Mexican refugees from Agua Prieta began streaming across the boundary into Douglas with the opening of the battle. They were taken in charge by United States troops and escorted to an internment camp.

The battle began with a clash of outposts about a mile from Agua Prieta. Shortly afterward the soldiers in advance trenches on both sides advanced in skirmishing formation and the fighting became general over a large territory to the south and west of the territory.

PLACED IN JAIL.

Jesse Sorrell was remanded to jail Saturday night to serve out nineteen days of an old fine that he has neglected to pay. The original fine was \$15 and costs and he was allowed his freedom when he paid \$6 and promised to pay the rest later. This was several weeks ago and Mayor Bebout ordered his arrest Saturday.

LEEVE CASE IS CHANGED

Notorious Resort is Now Rendezvous For Famous "400."

(By United Press.)

Chicago, Nov. 1.—If there is such a thing as a ghost there will probably be a lot of these invisible spirits on hand tonight to leer at the invasion of a one time notorious levee cafe by Chicago's "Four Hundred." These spirits will be able tonight to mix with an assemblage they couldn't have got within a mile of were they in the flesh today. Tonight is the opening of what is expected to be the most exclusive dancing school in the city for the city's elite. The school will meet in the hall at Wabash ave. and Seventh streets. Five years ago Sam Tuckhorn's Olympic Cafe was housed there, and it was a motley crowd of painted ladies, underworld habitues and touts who gathered there nightly, in those good old days.

Amusements

The Princess will show a six reel feature "Du Barry" for the program tonight. Mrs. Leslie Carter, the celebrated actress, is featured. It is said to be a magnificent production staged amid familiar scenes of the famous story. The story deals with the time of the French revolution. It tells a sensational story and is a wonderful picture. Tomorrow night the three act feature "The City Tigress" will be shown.

Menacing Banking System

That alert, if not sagacious, financier Secretary McAdoo, has been turned down by the Federal Reserve first rebuff came when he proposed to pay \$30,000,000 into the national banks of the South, without interest, to be used for the benefit of the Southern cotton planters. The Reserve Board frowned upon the plan, although assenting to the sending of Government money to the regional reserve banks for the same purpose.

Mr. McAdoo's second slap from the Reserve Board came when he proposed that the reserve banks should open branches in South America. The Board wisely decided that if any of the member banks in the Federal Reserve system wished to open South American branches,

they have that privilege; but that the funds of the reserve system as a whole should not be used for such a purpose.

The Secretary's motive in both of these proposals was political and personal. If he could send \$30,000,000 of Government money into the South, placing it in such banks as he choose, he would confer a great favor upon his favorites in a section already favored beyond measure and by this Administration; and he would thereby add to his own and to the Administration's strength with the dominant Southern wing of the Democratic party in Congress.

Mr. McAdoo's proposal to put the Federal Reserve banks into the banking business in South America was due, possibly to his rumored personal hatred of the National City Bank of New York, which has already taken advantage of its rights under the Reserve law and is establishing itself as a foreign factor in South American financial and commercial development. The South American branches of the National City bank offer all the extra banking facilities which American business men require in South America; and, if they are to be put into rivalry with branches from the parent reserve system, there is no doubt as to the result—ruinous competition or a complete withdrawal from the field.

It is fortunate that the Reserve Board has been strong enough to resist Mr. McAdoo's attempt to play politics with the reserve system and to make it an agency for wreaking his personal vengeance. But the incidents show a vital weakness in the Federal Reserve System whereby Secretary of the Treasury is enabled even to attempt such practices. They show further the dangers to which the Federal Reserve System is exposed so long as a man like Mr. McAdoo remains at the head of the Treasury Department.

A prophet is certainly without honor in his own school system, when it comes to the New York schools. The vexatious problem of part time, due to the growing of certain sections of the city faster than the department could build new school houses, was solved two years ago by one of the associate superintendents devising a system for the double use of a school building, by two sets of classes. Dr. Ettinger's plan was given a half-hearted trial in one school, but when Dr. Wirt of Gary, Ind., came along with a similar plan the Board of Education eagerly jumped at it and voted him and another expert \$10,000 each to teach them how to do what their employee had already showed them.

The proposed new constitution for New York is coming in for some hard knocks. The American Federation of Labor has denounced the document, which means that forty thousand votes will be cast against it as sure as election day comes around. So Elihu Root is to get out and root for his master-piece. Not one man in a hundred knows what the proposed constitution provides, and the mischief of it is that if he reads the elaborate document he will know less about it than if he trusts to the newspaper explanation of it, for it is a creation of lawyers, full to the brim with subtleties and

intricate provisos and is ratified, it will make fine food for litigation.

There is an increasing demand even in newspapers formerly far from neutral, for a revival of the sturdy Americanism that used to make all nations respect the rights of this country. The New York World editorially says, "There will be less foreign propaganda in this country when we have more Americanism and, by the same token, we shall have fewer complications abroad." All of which sounds something like some of the paragraphs that have appeared in these letters during the last three or four months.

The real neutrals are now asking a pointed question of those who have been so eager to denounce Germany for violating the neutrality of Belgium. Why, the y inquire, it was all wrong for the Allies to make a highway of Greece in the face of the protests of the Grecian Government. The only difference, it would seem, is that Belgium resisted, while Greece is merely protesting and is divided against itself on this issue.

So jewelry is to change with the seasons, which will be hard on Father's pocketbook, but will stimulate trade in expensive baubles. The Jewelers' Association has so ordered and the "Home Page" of the family newspaper hereafter will have to run a department to tell its readers just what stones and what sort of settings are "in fashion."

Speak a good word for the schools and the churches, and the business and professional men, and the industries, and your neighbors, and friends, and the people generally. Speak a good word for the whole community, and keep on speaking until others get the habit and begin speaking with you. It is a good thing for Rushville, and in time others will be speaking well of you.

Positively the most peculiar form of criminal aberration is that revealed in New York of a woman of refinement who has lived in luxury by robbing worshipers in the churches.

Amazing Oversight: The yellow press has signally failed to illustrate and describe in detail the manner in which our president placed his heart, hand and the white house at the feet of his adored one.

The feminine skirt this season is distinctive in its brevity. And that impels the thought that at fashion czars have no mercy upon the already overworked masculine eye.

It is related that only once did a certain man have an opportunity to get a word in edgewise with his wife, and that was after she had talked herself to death.

Again we arise to ponderously remark that kings, emperors and fools are responsible for this war. And the fool killer is shooting wide of his mark.

A Wabbling Party

(St. Louis Globe-Democrat)

Senator Stone has imposed upon himself a task which will make the labors of Hercules seem light exercise by comparison. He is to correct the wabbling tendency of the Democratic party. He apparently will restrict his efforts to Missouri, but the party everywhere is afflicted with chronic wabbliness and local remedies will have little efficacy in dealing with a constitutional infirmity. Certain critics of the baser sort may insist on the physician healing himself. His war-peace policy toward Mexico and his attitude toward the sinking of the Lusitania have been about as vacillating as anything in current history. The national Democratic party has traditionally wobbled on the money question and on the tariff. But it is not necessary to revive unpleasant old memories. The present administration affords examples and to spare. The exemption of tolls and its repeal, the unprecedented extravagance of a party committed to Jeffersonian simplicity and economy, the violence done the merit system it has pledged itself to extend—protect, the vaccination on preparedness, the kaleidoscopic Mexican policy, the substitution of correspondence courses for the felons' stripes threatened at Baltimore, and the abdication by Congress in favor of the executive against whose encroachments the party once fulminated, are some examples. Others will follow, including the repudiation of the one-term pledge. It is probable that the tariff will be greatly modified

HOOSIER HISTORY

(Prepared for the United Press by the Indiana Historical Commission.)

MORTON AS A LAWYER.

Morton was especially strong as a pleader. He had no taste for routine office work, which he turned over to his partner who drew up the briefs. But once in a case, he worked like a Trojan. He had a wonderful faculty of going right to the heart of an argument. Disdaining the arts of the rhetorician, he bore down on his opponents with the sheer force of intellect and reason. "Before a jury he was irresistible," it was said of him. "He literally annihilated everybody connected with the bar of Wayne county, and walked rough shod all over other lawyers of his circuit." There was great rivalry between litigants to secure Morton's services.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

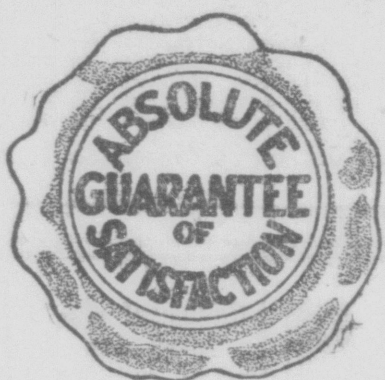

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

SHOWS VALUE OF BIRTH RETURNS

Indiana State Board of Health Bulletin Dwells on Importance of Making Registration.

LAW MAKES IT MANDATORY

The State Board of Health receives daily letters of personal applications requesting transcripts of birth certificates. These are to be used in the courts to prove right to property, right to insurance and right to pensions. In one instance lately, a sailor in the United States Navy wished to prove he was native born and the date of his birth. He was born in Gibson county as was afterward discovered by much search. Some good people wished to adopt little Grace Brown of Bartholomew county who was two or three years old when her mother died. They desired to know accurately the date of her birth, but it was found that the doctor in attendance did not make out a certificate of birth and this together with some other matters which could not be settled concerning the birth, prevented the adoption of the child. In this instance the physician struck the little child a blow for which he should be ashamed. The mother who neglects to see to it that the birth of her child is registered, as the law commands, makes a great mistake. The physician who fails to report a birth he attends, disobeys the law, and does not perform his full duties to his patient and to medical science. Mothers, see to it, that your physician reports the birth of your child to the health officer for legal record. The fee of the physician is outlawed if he does not report births within thirty-six hours after occurrence.

RICHMOND LOST TO LOCAL TEAM

Rushville Had Little Difficulty Running up Twenty-Six Points Against Visitors.

FUMBLING PROVED COSTLY

Ball Recovered on Kickoff Paved Way For Second Touchdown—Cambridge City Next.

Rushville defeated the Richmond team Sunday afternoon by a score of 26 to 0. The local team played in improved form and the heavy backfield plowed through the Richmond line time after time. Rushville used straight football, only about two forward passes being successful the entire afternoon.

Rushville's first touchdown came in the first five minutes of play. Richmond kicked off to Rushville and a series of line plunges pushed the ball over. The goal was missed. Fumbles were costly for Richmond and the failure to recover punts lost them many yards. After scoring the first touchdown, Rushville kicked to Richmond and in fumbling the ball Rushville recovered it on Richmond's thirty yard line and then proceeded to push it over for the second marker of the quarter.

In the third period Richmond braced and started a march up the field. First down was made about three times by Richmond in this period and Rushville held for downs on the twenty yard line. This was as close as Richmond came to scoring. The Richmond team showed a lack of practice and came here with only eleven men. Mattox, Worster, Gunning and Denning did good work for Rushville in carrying the ball. The Cambridge City team plays here next Sunday. The lineups and summary:

GWYNNEVILLE, 28;

NEW PALESTINE, 0.

The Starfish giants, of Gwynneville again defeated New Palestine, at Gwynneville Sunday, showing that the recent 18-0 victory was no fluke. The contest was fast and clean throughout and a large and enthusiastic crowd witnessed the game. The Palestine team played straight football throughout the entire game while the Gwynneville team made good gains by a code of silent signals. The Gwynneville Regulars play the Charlottesville aggregation, which recently trimmed them by a 38-0 score at Gwynneville, next Sunday.

Youngsters Tie It Up.

The Rushville Russians, a football team composed of Rushville boys, played a Knightstown Home eleven to a tie—six to six—Saturday afternoon. Both teams were fast and heavy. The Knightstown bunch relied mostly on the forward pass, but the locals used straight football most of the time. The Russians lined up as follows: Frazier and Stoops, ends; Pearsey and Keating, tackles; Howe and Risk, guards; Bullets, center; Jones, quarter; Doll and Osborne, half backs, and Caron fullback.

VERY LITTLE DAMAGE DONE

Hallowe'en Passes Off Quietly — Many Grotesque Costumes Seen.

Not as much destruction of property as usual was noted in the celebration of Hallowe'en here Saturday night. The down-town streets were crowded with people and there were many grotesque costumes. The Uniform Rank, Knights of Pythias dance was the scene of most of the hilarity. Several hundred people stood around the dance pavillion until late Saturday night and watched the merry-makers. Special police were on duty all over the city and no malicious destruction of property was reported.

GREECE NOT LIKELY TO ENTER THE WAR

SMALL CONFLICTS POSSIBLE

Athens, Nov. 1.—Chances that Greece will enter the war are of the remotest at present. Greek public opinion concerning participation is exactly what public opinion is in the United States. Everybody wants to keep out of the war.

If the Bulgarians in their fight with Serbia should spill over the Greek frontiers, small Greco-Bulgarian conflicts would be possible. Germany promises, however, that the Bulgarians will not do this. Ex-Premier Venizelos remains in Athens.

WAR NEWS OF ONE YEAR AGO TODAY.

(By United Press.) Turkey's apology without reparation for her bombardment of Russian ports was scorned by Allies and war declarations threatened. Ypres and Arras gorges advances, bombardment of Czernowitz and repulse of Russian attacks in Russian Poland were claimed by Germany. The North Sea was mined and closed to commerce by the Allies. Progress near Dixmude and a lessening of German attacks generally was France's report. Repulse of Germans in East Prussia, strong offensive beyond the Vistula with no German opposition and fierce fighting with Austrians on the San in Galicia were reported by Russia.

In the next legislature there will be the making and breaking of booms for Governor and United States Senator, offices which are to be filled in 1916.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

AIR RAIDS MAKE LONDON DARK

Gets Title of Darkest City in the World Since Germans Started Their Night Flights

WINDOWS ARE ALL SHADED

Street Accidents Many as Result of Situation—Not Even an Electric Sign

BY WILBUR S. FORREST
(U. P. Staff Correspondent.)
London, Oct. 6: (By Mail)—London, the Darkest City in the World! Such is this ancient town's title. Zeppelin raids have indeed made it The World's City of Darkness.

Imagine, if possible, London one hundred years ago, before Benjamin Franklin started to experiment with a key on a kite string; before Edison began to see the possibilities of small wires in a vacuum glass globe; before the great power plants were built.

Imagine, Broadway without a gleam of light; State street, Chicago, without an electric sign; Market street, San Francisco, without its "White Way" and even then it would be hard to imagine how dark the Zeppelins have made London.

The great Strand, whose hotels and electric signs once sent light far into the upper void, is as black as the Aee of Spades. Picadilly, Regent street, Westminster and all the rest are equally black. Add to this an early autumn London fog and the approaching "black fogs" of winter and London will be found as dark as an American cross roads village at midnight.

Even the silent Thames, which the Germans claimed guided them to London on the last memorable raid is doomed to blackness. Lights that for generations have reflected their yellowness on the swift waters have ceased to shine. Moonlight alone can make the Thames reflect visibly at great altitudes and Zeppelins are not moonlight birds. Darkest nights are Zeppelin nights and in them London needs must resemble the black nothingness of open country.

Residential districts, suburbs and all, must curtain their windows and shade their lights. Police constantly watch for unshaded windows and if a violation is found, a sharp warning is administered. A second offense means a stiff fine. Shopkeepers report record sales of candles.

From Picadilly Circus, where the figure of Mercury on the fountain, can now, after dark, be scarcely seen fifty feet away, to Bond street, noted the world over for fashionable shops, night is supreme. The shops of fashion pull down their curtains shortly after 8, put their diamonds and other precious wares into Zeppelin proof safes and wait for daylight. What Bond street is doing is vague. In fifty shopping districts within the metropolitan area shopkeepers have decided to close at 8 three nights a week, at 9 on Fridays and 10 on Saturdays. After 6, customers are forced to shop in semidarkness.

On the streets motor omnibuses, taxicabs and vehicles of all varieties limit speed and activity after nightfall. The "buses" crawl through the haze with darkened interiors and showing faint blue and red lights fore and aft. Passengers of these "craft" are just beginning to know their approach by the sound of their motors.

Taxicabs drone along at slow speed, the driver always on a nervous strain for fear of bumping some groping pedestrian. The situation will be somewhat aided, if a suggestion to whitewash all of the city's 40,000 miles of curbstones is carried out.

London's already heavy street accident casualty list is expected to be almost doubled by the new situation. The authorities are under stood, however, to have taken this into consideration, believing it better to have people killed singly by accident than in groups by Zeppelin bombs.

In addition, it is agreed, the former is much easier on the nerves of the whole population.

FRIENDLINESS IS NEEDED IN WORK

Speaker at State Conference Says Sense and Sentiment Should Rule Charity Efforts.

"HANDOUT" IS NOT CHARITY

(By United Press.)
Richmond, Ind., Nov. 1.—A message of friendliness was brought to the Indiana State Conference of Charities and Corrections today by J. F. Jackson of Cleveland. Organized friendliness, he said, is needed in charity work. He spoke for "sense and sentiment."

"Every form of human activity is coming to be organized, from running railroads to selling newspapers on the street," he said. "Friendliness needs to be organized also in our modern cities in order to be effective. If we wish our giving to benefit the recipient and not merely to warm the cockles of our hearts, our giving must be co-ordinated with other people's giving—it must be organized as part of the community movement towards better conditions. Sense and sentiment are both essential to effective social service. Organization without friendliness is as futile as friendliness without organization.

He spoke against the handout. "If charity were mere almsgiving and almsgiving were charity, very little would be necessary. The handout is not charity."

FRENCH POLICY WILL NOT CHANGE

New French Premier Says County's Fixed Purpose Will be to Crush German Militarism.

CONTINUE WITH THEIR ALLIES

BY WILLIAM PHILIP SIMMS.
(U. P. Staff Correspondent.)

Paris Nov. 1.—"Deviation not one iota from the country's fixed purpose to win the war and crush German militarism," Premier Briand told me in an exclusive interview. "This was the old ministry's platform," he continued, "and it will be ours."

"I desire the world to understand thoroughly," he went on, "that the change of ministry implies no change in policy. We continue firmly with our allies, our common motto being: Victory."
"For through victory alone will be win permanent peace."
"No compromise is possible."

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as rational designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte.

HOLDING FOR MORE MONEY

Farmers of Northwest Sell Less Than 1 Per Cent of Wheat

(By United Press.)
Minneapolis, Minn., Nov. 1.—Less than 1 per cent of the gigantic grain crop of the Northwest has reached the market. Four million bushels less grain has been marketed thus far this year than at the same time last year.

Lumber dealers report an unparalleled demand for cheaper lumber, and this coupled with low grain receipts, grain gamblers say, means that the farmers of the Northwest are holding their grain. That the farmer is prepared to hold his grain until he gets \$1.25 a bushel for it, is a statement often heard.

THREE THINGS ARE BARRED BY WOMEN

International Congress Opens But
Suffrage, Peace And Religion
Will Not be Discussed

MUTUAL TOLERANCE BANNER

(U. P. Staff Correspondent.)
San Francisco, Nov. 1.—Women of every race and creed; women of every walk of life, suffragists and antis, neutrals and belligerents, unfurled here today the banner of mutual tolerance.

Under the auspices of the International Congress of women, these delegates from almost every land on the globe opened their six-day convention, under an iron-clad agreement not to talk suffrage, peace or religion. There was, however, plenty of talk.

Church women, Red Cross and charity workers, society women, clubwomen, foreign women were here. Pan American day will be one of the big features of the congress. The women will try to establish more of an entente cordiale between the women of North and South America.

"We are going to see if we cannot overcome prejudice between the Latin American and the Anglo-Saxon American," explained Mrs. F. H. Colburn, who is in charge. "We stare and bristle at each like quills on a porcupine. The Latin American woman smokes, but does not go on the streets without a chaperone. The Anglo American woman (that is, the most of her) does not smoke, but she goes and comes where she pleases. Each hold their social customs against the other."

MISSIONARY TO BE A SPECIAL GUEST

Prof. H. J. Derthick, Who is Now
Conducting Indianapolis Mis-
sions, to Speak Here.

ONCE MOUNTAINEER WORKER

Prof. H. J. Derthick, formerly in charge of the work among the mountaineers of Kentucky and now at the head of the city mission work in Indianapolis which is being conducted by the C. W. B. M. will be a special guest at the annual banquet of the Christian's Women's Missionary society and the Young Ladies Circle of the Main Street Christian church in the basement of the church Wednesday evening at six-thirty o'clock.

Recital of his experiences is expected to be one of the most interesting things ever heard here. Prof. Derthick is active in the Bethany social center and Flanner House work in Indianapolis. The Bethany social center is a mission work among foreigners, mostly Hungarians, and the Flanner House is for colored people.

Women members are urged to be at the church by six o'clock with their baskets so that the banquet can begin promptly at six-thirty.

BRITISH PRIZE COURT HOLDS TWO VESSELS

State Department Hears One Was

other Off New York.

NO REASONS ARE ASSIGNED

(By United Press.)
Washington, Nov. 1.—The American steamer Llana was seized by a British prize crew and afterward run aground off the coast of Scotland yesterday, according to a report today to the state department by the American consul at Dundee, Scotland.

No reasons for the seizure were given. The seizure of another American vessel, the Hoeking, by a British warship was also reported today to the state department. American Consul Young of Halifax wired that the Hoeking was brought into Halifax yesterday in command of a British prize vessel after having been halted by British warships patrolling the American coast off New York.

MEAT INSPECTION RULES EFFECTIVE

After Today Uncle Sam Promises
Better Protection For Stomachs
of His People

NEW SANITARY REGULATIONS

(By United Press.)
Washington, D. C., Nov. 1.—New and drastic meat inspection rules, for protection of the American stomach, are in effect today. Their operation began officially, yesterday but packing houses and abattoirs were not affected until today.

Destruction of diseased animals by U. S. meat inspectors before they enter the slaughter house is one of the new rules. Heretofore effected animals were slaughtered on the same killing floor with healthy animals and were not condemned until later.

Violation of the meat inspection law is made punishable by a new penalty of withdrawal of government inspection, putting the offending concern out of interstate commerce.

A new rule in favor of the packers is that permitting them to sell "second class" cooked meat, providing it is so labeled after sterilization. Sale of raw pork in summer sausage and other forms for eating without cooking is prohibited.

Drastic new sanitary regulations for slaughter houses is another feature of the new regulations in effect today.

OBSERVE SPECIAL DAY

Catholics Make Pilgrimage to Cemetery in Memory of Departed.

The Catholics of Rush county observed All Soul's day Sunday with a pilgrimage to Cavalry cemetery. All Souls' day really falls on Tuesday, November 2, but it was observed yesterday. Formal prayers for the dead were offered in groups about the graves of departed loved ones as well as in a meeting held at the cemetery. The crowd gathered at the cemetery in the afternoon, many people walking to the place. The Rev. M. W. Lyons preached a brief sermon.

HALLOWE'EN CELEBRATION

Pittsburgh, Nov. 1.—What New Years Eve is to Broadway and Shrove Tuesday to New Orleans, a belated Halloween celebration will be tonight to Pittsburgh. As Halloween fell on Sunday the celebration was set for tonight by official edict of the mayor.

MOONLIGHT SCHOOLS OPEN

Raleigh, N. C. Prepares For Child
Who Never Had a Chance

(By United Press.)
Raleigh, N. C., Oct. 30—"Moonlight schools" will open tonight throughout the state, Gov. Craig having proclaimed November "Moonlight School Month."

In a state-wide appeal, Gov. Craig pointed out that there are in North Carolina 132,000 white persons over 10 years of age who cannot read or write. This, he said, is because they "had no chance," being handicapped by inadequate school facilities in North Carolina after the war.

Schools for adult, white illiterate men and women will be held throughout the state every evening after working hours. On clear, moonlight nights reading classes will be conducted out-doors.

WILL VOTE ON THE NEW CONSTITUTION

New Yorkers Will Decide Tuesday
Whether They Want Changes
in Law Which Are Proposed

TAX QUESTION IS ONE

(By United Press.)
Albany, N. Y., Nov. 1.—New York's voters will decide tomorrow whether they approve the new constitution written by the Constitutional convention. Principal proposed changes are:

Vesting of the responsibility and authority of the state's government principally in the governor; short ballot, electing only for offices simplified court procedure, serial bond system for state debt, unified tax system under state board.

Compensation for workers suffering from occupational diseases, prohibition of manufacturing in tenement houses, limitation of greater New York to one-half of the state's senatorial representation, home rule for cities and counties, increase of governor's salary from \$10,000 to \$20,000 and of legislators from \$1,500 to \$2,500; promotion of efficiency in the state militia.

The legislative referendum proposing a \$27,000,000 appropriation for completion of the barge canal also will be voted upon.

Better Babies.

The crusade for better babies has spread from coast to coast, and taken firm hold of American Mothers. Few women realize how much the ill health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs which for nearly forty years has been the standard remedy for these ailments.

Pyorrhea—the disease nearly everybody has

No matter how sound your teeth may seem to be, no matter how you may scoff at the idea of your having this disease, it is a positive fact that the germ which causes it is working now in your teeth.

The appalling discovery of this fact—that the germ which causes pyorrhea is one which inhabits every human mouth—was made over a year ago. Since then dentists have been urging everyone to take special precautions in their daily toilet to prevent this disease from developing in its acute form of bleeding gums, tenderness in chewing and loose teeth.

To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 505 Union Central Bldg., Cincinnati, Ohio.

Storm Buggies that Will Keep You Warm, Look Nice and Wear Well. That's the Kind.

Everybody wants a nice storm buggy and I have one for everybody. Some of my competitors are going to quit selling buggies, or at least they advertise they are, and I am going to take their word for it, and just between ourselves, I have been looking for it for sometime, and I have reason for looking for it. Every year I sell more buggies than I did the year before and there is not much room left for competition. You naturally ask the question "How do you increase your buggy business all the time?" and the answer is that I give more buggy value for the money than anyone else, treat everybody alike and treat them right. I can prove I give more value for the money than my competitors as I am handling a storm buggy this winter, formally sold by one of my competitors, and I am selling it for \$10.00 less than it ever sold for before, remember the same buggy for \$10.00 less. Maybe you bought one last year and paid the extra \$10.00. If you did, remember when you need a buggy look around. It has saved lots of vehicle buyers money to buy them of me, and I want you for a customer. The only way you can sell things right, is to buy them right, and not throwing any bouquets at myself, I sure buy right and I want to give you the advantage of good buying. Good buying, and a large volume of business make it possible for me to sell you a buggy from \$10.00 to \$15.00 cheaper than any one else. It is a simple proposition to figure out how it is done, and when you get ready to buy a buggy, buy where the majority buy, and save.

HUNTING WILL BE RESTRICTED

Prevalence of Hog Cholera This Year Will Have Effect on the Fall Sport.

HUNTING LICENSES ARE SOLD

Many Farmers Keep Lands Posted to Prevent Spread of Disease—
Summary of Laws.

Many men and boys are calling at the county clerk's office now to secure hunting licenses, the business getting a little more brisk each day. The quail season opens November 10, and a fairly good crop is reported in Rush county. Some hunters already have been shooting birds, it is said, but there always are a few who never consider the hunting laws, and sooner or later they get in bad.

The hunting territory will be more restricted than ever in this county this fall, because so many farmers have their land posted. Experts say that for a hunter and his dog to walk across a lot where there has been hog cholera and then pass through a hog lot where there has been no disease, is a good way to spread the cholera. On that account hundreds of farmers are going to keep hunters and dogs off their farms this fall if possible. A heavy fine is provided for those who hunt on land without securing permission of the owner or tenant.

A brief summary of the state hunting laws follows:

It is unlawful—
To hunt off your own premises without a license, except that any honorably discharged soldier, sailor or marine who shall have served in the civil war may hunt during open seasons without license.

To kill or to possess either dead or alive, at any time, except for breeding purposes, any deer, wild turkey, or pheasant, except that owners of private parks may kill deer reared therein.

To net or trap quail at any time or to possess nets or traps for the purpose of catching them.

To kill or possess quail or ruffed grouse before the tenth day of November or after the twentieth day of December.

To kill or possess more than fifteen quail in any one day or to possess more than forty-five at one time during the open season.

To sell or offer for sale, directly or indirectly, any quail at any time.

To kill or possess any waterfowl before the first day of September or after the fifteenth of April.

To kill or pursue any waterfowl between sunset of any day and sunrise of the following morning.

To pursue any waterfowl with a launch or any boat except a row boat or push boat.

To kill more than fifteen ducks, geese, brants or other waterfowl in any one day, or to possess more than forty-five at one time.

To hunt squirrels before the first day of July or after the first day of November.

To hunt rabbits with a ferret at any time.

To hunt woodcocks before the first day of July or after the first day of January.

To hunt with any kind of firearm on Sunday.

To hunt any kind of game except waterfowl from the tenth day of January to the first day of April.

To kill or injure any prairie chicken, ring-necked or other pheasant or Hungarian partridge, at any time. Except that any one person shall be entitled to kill not more than five prairie chickens in any one day from the 15th day of October to the first day of November.

To kill, trap, possess, sell or destroy the nest of eggs of any wild bird, excepting game birds, English sparrows, black birds, crows, hawks and other of prey.

To hunt on any land without first procuring permission to do so from the owner or tenant thereof.

To hunt any game by means of a searchlight attached to an automobile or to shoot along or upon a public highway.

SERBIA'S PLIGHT GROWS WORSE TODAY

Germans Are Fifty Miles South of Danube And Austrians Are Driving Eastward to Vicegrad

ATTACK MADE ON ARSENAL

(By United Press.)
London, Nov. 1.—Serbia's plight was growing rapidly worse today. The Germans are fifty miles south of the Danube in places. Austrians driving eastward from the direction of Vicegrad were making some progress though hampered by the Montenegrians who hung on their right flank. Bulgarians were already in force along an east and west line on their frontier to the Nish-Salonika railroad in the Veles and Uskub regions. In smaller numbers their line extended to the westward of the railroad. This front the Bulgars were trying to strengthen so as effectively to cut the Serbian army in two.

From the northwest the Germans were directing a furious drive against the Serbians' arsenal sixty miles from Belgrade.

BOMBARD BULGAR PORT

British Fleet, Guarding Transports, Fires of Varni on Black Sea.

(By United Press.)
Bucharest, Nov. 1.—A Russian transport fleet was sighted off Balchik Sunday, it was learned here today. Destroyers escorted the flotilla. Approaching the Bulgarian port of Varna, the transports dropped behind and the warships began bombarding the port. Balchik is on the Rumanian Black Sea coast a few miles from the Bulgarian frontier. Varna, Bulgaria, is twenty miles to the southward. It and Bayeik are Bulgaria's principal sea ports.

SHELBYVILLE GETS HIM.

The list of appointments made by the Holiness church for the year, shows that a minister by the name of Wainseott has been assigned to the Shelbyville church, says the Shelbyville Republican. Wainseott has been at Rushville for the last year. With him is his brother, John Wainseott, who for years was in Shelbyville. John Wainseott is almost totally blind. He is a big nuisance, as the police of Rushville will testify. Arrested there on a charge of bootlegging, he was given a heavy sentence, which was suspended when the minister's brother offered to take the man with him when he was transferred. So Shelbyville gets him.

COURT ACTIVITY TO BE RESUMED

John F. Goddard of Greensburg Appointed Special Judge to Hear \$3,000 Damage Suit.

SPARKS STILL IN RICHMOND

Rush County Jurist Will Rush Case in Wayne Circuit Court to Get Through Evidence.

After being "dark" for almost three weeks due to the absence of Judge Sparks who is acting as special judge in a case in Richmond, activity will be resumed in the circuit court here Wednesday, when John F. Goddard, an attorney of Greensburg will come here to act as special judge in the damage suit of Dallas Kennerly against the Hodell Furniture Company of Shelbyville.

The case was sent here on a change of venue. It was set for trial Wednesday and rather than disappoint the attorneys in the case Judge Sparks appointed Mr. Goddard as special judge. The amount demanded is \$3,000 and is based on injuries he sustained in the Hodell factory.

The jury has been called for this day. Judge Sparks will be on the bench in Richmond all of this week and probably most of next. Before adjourning court Saturday evening Judge Sparks granted Margaret Ray a divorce from Emmet Ray upon payment of the costs.

"Speed ahead, all hands on deck," were the orders Judge Will M. Sparks of the Rush circuit court issued this morning when he went on the bench in the Wayne circuit court for the last lap of the Bentlage case. He accepted the appointment as special judge in the case with the expectation that it would not last much over a week or ten days. It has been in progress two weeks and in the meantime Judge Sparks' work here has been piling up. There have been no unnecessary delays, Judge Sparks not allowing any time for attorneys' disputes. He has used the gavel frequently.

Beginning tomorrow morning, court will open at eight-thirty instead of nine-thirty, and only one hour and a quarter will be taken at noon, with adjournment at five o'clock. The plaintiff has not yet concluded its case and it is expected one more day will be required before the defense gets the stand.

"I do not want to hurry this case along too much, but we must eliminate all unnecessary delays," said the judge Friday immediately before adjournment. "I will be unable to arrive here earlier than 9:30 o'clock Monday, but on Tuesday there is no reason why we should not begin at 8:30 o'clock. The afternoon sessions will begin at 1:15 instead of 1:30 o'clock."

DISCUSS PROPOSED LAW

Trustees Hear Proposal to do Away With County Council.

The county board of education was in session this afternoon in the office of County Superintendent C. M. George. Only the routine business was to come before the meeting. The township trustees discussed in an informal manner a letter sent out by a man named Baker urging the passage of a law changing the present method of township government. The proposed change is taken as a direct slap at the state board of accounts. The proposed change would do away with the county council and let the trustees serve in that capacity.

LARGE SUM OUT AS LAST DAY BEGINS

County Treasurer's Office This Morning Faced Task With \$36,000 on Books to Collect

WILL BE MANY DELINQUENTS

The opening of the final day for paying the fall installment of taxes without the penalty of ten per cent found \$36,000 still out, despite a collection of \$18,000 last Saturday. Officials in the county treasurer's office had little hope of collecting all of this amount and as a result the delinquent list will probably be large.

The final day gave promise of being the busiest of the entire fall rush. With the \$36,000 remaining unpaid, the office was crowded all of the morning. The last chance will be tonight. The office will open at seven o'clock.

DAMAGES OF \$10,000 ASKED BY A WOMAN

Mrs. Bertha Brickert Files Suit Against Samuel T. Overlease For Alleged Assault

MILROY SENSATION AIRED

Mrs. Bertha Brickert, wife of Perry Brickert, has filed a sensational damage suit against Samuel T. Overlease, in which she demands \$10,000. Both parties to the suit live in Milroy. Mrs. Brickert alleges in the complaint that on November 18, 1914 while her husband was away from home, Overlease came to her house and attempted a criminal assault upon her. The basis for the action for damages is the alleged injury she suffered following the attack.

She claims to have suffered greatly from the nervous shock and alleges that she has not yet fully recovered. Mrs. Brickert is represented by Brickert and Brickert of Martinsville and McKee, Frost and Elliott of Connersville.

ALLOW CLAIMS.

The county commissioners were in session today, allowing the usual claims. No other business was expected to come before the board and it was possible that a session would be held tomorrow.

John Gilliam and family moved today from Morgan and First to the house recently vacated by Mrs. Ayres, on North Morgan street.

PAST GRAND MASTER EDWIN FARRER.

Past Grand Master Edwin Farrer of this city is a member of Franklin lodge, No. 35, I. O. O. F. He will be the chairman of the public meeting to be held at the Graham Annex auditorium next Thursday

WEEK OF LECTURES TO BEGIN TONIGHT

Rev. Bertrand L. Conway of New York City Will Discuss Catholic Doctrines at Catholic Church.

COMES HERE FROM LAPORTE

"Is One Church as Good as Another?" This is the title selected by the Rev. Bertrand L. Conway of New York City for his opening lecture tonight in St. Mary's church. These talks on Catholic doctrine will be given each evening through this week at 7:45.

Father Conway, who devotes his time largely to the presentation of Catholic thought to non-Catholic audiences, has been speaking during the past week in the Madison Theater, Laporte, Indiana, to crowds that packed the theater nightly.

The Laporte newspapers devoted a great deal of space to the lectures which seem to have attracted considerable attention. Rushville Council of the Knights of Columbus has sent out a large number of invitations to the local lectures. Special attention will be accorded non-Catholics and a question box will afford opportunity for all inquiries regarding Catholic faith and practice.

The public generally is invited. Seats free and no collection.

Today is All Saints Day, a holy day in the Catholic church and one of the ancient Christian festivals.

USUAL FALSE ALARM.

The usual hallowe'en false alarm came Saturday night from box 24, corner of Perkins and Sixth street. The alarm was sounded just before midnight and the department made the run. Several people were seen in the neighborhood of the box, but the police have no clue.

Maurice Dill and John Bickson of Indianapolis were the guests yesterday of Harold Haskett.

CELEBRATED BY SHOOTING

Arthur Franklin Too Hilarious on Hallowe'en Night.

Arthur Franklin, colored, 19, was fined one dollar and costs on a charge of carrying concealed weapons Saturday night. Franklin was out with a crowd of boys celebrating Hallowe'en. He was engaged in "shooting up" East Eighth street when surprised by Chief Rosen-erance and taken before Mayor Bebout. He said he had taken the gun from his mother's home and begged that it be given back to him, but the mayor ordered it turned over to the sheriff to be destroyed.

PENNSYLVANIA PAYS ITS SHARE

Railroad Sends Check For \$3,084.78 For Part of Improvement of West Second Street

OVER HALF OF THE COST

City Treasurer Stech today received a check for \$3,084.78 from the Pennsylvania railroad company in payment for paving of Second street along the property owned by the railway. The Pennsylvania company was the largest contributor to the paving improvement, as its share alone amounted to over half of the total cost of the brick street. Payments on this improvement have been coming in slowly. Few people have signed waivers. Today was the last day for paying on this improvement.

It was also the last day to make payments under the Barrett law assessments for sidewalk and sewer improvements. Unless the payments are made today they will be turned over to the county auditor and placed on the tax duplicates to be collected next spring.

ALL THAT IS LEFT ARE DECORATIONS

Fall Festival and Horse Show But a Memory After Departure of Concessions Saturday Night.

DANCE PAVILLION ATTRACTION

All that remained today of the eighth annual fall festival and horse show were the street decorations. They would not be up yet but for the fact that they will be left for the district meeting of Odd Fellows here Thursday. Most of the concessions pulled out Saturday afternoon and by midnight all of them had gone. The majority of them moved on to Marion where the annual fall exposition will be held this week. The aviator who gave flights here last week shipped his flying machine back to Chicago Saturday.

The dancing pavillion conducted by the Uniform Rank, Knights of Pythias in front of the K. of P. building in Morgan street continued up to the last moment Saturday night to be the leading attraction of the fall festival. The members of the Uniform Rank have been generously and highly complimented for the exemplary conduct which was maintained at the pavillion all the time. The pavillion afforded much pleasure not only for the dancers, but also for the large crowd of spectators each night.

FAILS TO APPEAR AND IS FINED \$10

Mrs. Tom Alzman Arouses Ire of Mayor Bebout Because She Did Not Answer Summons

TO TESTIFY AGAINST HUSBAND

Case Set For Saturday Night Is Continued Until Next Friday on That Account

"This thing of taking up my time and then getting nothing done, has ceased to be a joke with me," said Mayor Bebout this morning as he fined Mrs. Tom Alzman \$10 and costs for failure to obey a subpoena.

Mrs. Alzman had been summoned to appear against her husband, who was to have been tried Saturday night on an assault and battery charge. She failed to put in an appearance, making it necessary to postpone the Alzman trial until Friday evening at seven-thirty o'clock.

Saturday Mrs. Alzman was anxious to appear against her husband, but it appears as though they have adjusted their troubles. Mayor Bebout stated that the time has passed when anyone can trifle with his court and to show that he meant business fined Mrs. Alzman \$10 and costs, amounting in all to \$20. The fine was stayed.

On several different occasions affidavits have been filed before the mayor and then the prosecuting witness backed out of the proceedings.

The mayor's attitude is that the affidavits should not be filed unless the parties expect to go through with the case. It was intimated that Alzman might have had a hand in inducing his wife not to appear in court.

Alzman was placed in jail following a family fracas at his home in East Eighth street last Friday night. It was alleged that Mrs. Alzman was thrown through a window and badly cut. Alzman told the police that his sister-in-law was the one to blame for the trouble.

BATTLE AT DOUGLAS GETS START TODAY

Last Great Fight of Mexican War Begins When Villa Army of 15,000 Men Approaches.

CARRANZA ARMY ENTRENCHES

(By United Press.) Douglas, Ariz., Nov. 1.—The battle of Agua Prieta believed to be the last great battle of the Mexican civil war, began shortly after noon today. The Villa army, 10,000 to 15,000 strong, advanced to the attack within two hours after the artillery had been brought up behind a screen of cavalry. There were fifty large guns and sixty machine guns in the first line ranks that hurled themselves against the entrenched Carranza army at Agua Prieta.

Mexican refugees from Agua Prieta began streaming across the boundary into Douglas with the opening of the battle. They were taken in charge by United States troops and escorted to an internment camp.

The battle began with a clash of outposts about a mile from Agua Prieta. Shortly afterward the soldiers in advance trenches on both sides advanced in skirmishing formation and the fighting became general over a large territory to the south and west of the territory.

DEFENSE HELD TO BE UNSATISFACTORY

British Claim That U. S. Goods Shipped to Netherlands Are Intended for Central Powers.

WASHINGTON NOT TO ACCEPT

(By United Press.) Washington, Nov. 1.—Great Britain's defense of its stoppage of trade between American shippers and traders in neutral Netherlands and Scandinavian countries on the ground that goods sent there really are destined for the central powers will not be accepted as satisfactory by the United States. This much was made certain today when United States Consul General Skinner stationed at London, arrived in Washington for a conference with Secretary Lansing.

"It is true," said Skinner, "that American exports to the Netherlands have increased to a suspicious degree. But this does not mean that England's contention is correct. It means that goods to these countries formerly distributed at Hamburg, Bremen and Antwerp are now all sent to Holland ports."

"England's defense of its holding up of American goods, therefore, can not be justified by any general argument that American traders are not acting in good faith."

Because of Skinner's activity in presenting the American stand on the blockade there was a rumor today that he would no longer be satisfactory to the English government. Secretary Lansing, however, denied this and said so far as he knew Skinner would return.

PLACED IN JAIL.

Jesse Sorrell was remanded to jail Saturday night to serve out nineteen days of an old fine that he has neglected to pay. The original fine was \$15 and costs and he was allowed his freedom when he paid \$6 and promised to pay the rest later. This was several weeks ago and Mayor Bebout ordered his arrest Saturday.

LEEVE CASE IS CHANGED

Notorious Resort is Now Rendezvous For Famous "400."

(By United Press.)

Chicago, Nov. 1.—If there is such a thing as a ghost there will probably be a lot of these invisible spirits on hand tonight to leer at the invasion of a one time notorious levee cafe by Chicago's "Four Hundred." These spirits will be able tonight to mix with an assemblage they couldn't have got within a mile of were they in the flesh today. Tonight is the opening of what is expected to be the most exclusive dancing school in the city for the city's elite. The school will meet in the hall at Wabash ave. and Seventh streets. Five years ago Sam Tuckhorn's Olympic Cafe was housed there, and it was a motley crowd of painted ladies, underworld habitués and touts who gathered there nightly, in those good old days.

Menacing Banking System

That alert, if not sagacious, finan-
rier Secretary McAdoo, has been
turned down by the Federal Re-
serve first rebuff came when he proposed
to pay \$30,000,000 into the national
banks of the South, without inter-
est, to be used for the benefit of the
Southern cotton planters. The Re-
serve Board frowned upon the plan,
although assenting to the sending of
Government money to the regional
reserve banks for the same purpose.

Mr. McAdoo's second slap from
the Reserve Board came when he
proposed that the reserve banks
should open branches in South Amer-
ica. The Board wisely decided
that if any of the member banks in
the Federal Reserve system wished
to open South American branches,

they have that privilege; but that
the funds of the reserve system as
a whole should not be used for such
a purpose.

The Secretary's motive in both of
these proposals was political and
personal. If he could send \$30,000,-
000 of Government money into the
South, placing it in such banks as
he choose, he would confer a great
favor upon his favorites in a section
already favored beyond measure and
by this Administration; and he
would thereby add to his own and
to the Administration's strength with
the dominant Southern wing of the
Democratic party in Congress.

Mr. McAdoo's proposal to put the
Federal Reserve banks into the
banking business in South America
was due, possibly to his rumored
personal hatred of the National City
Bank of New York, which has al-
ready taken advantage of its rights
under the Reserve law and is estab-
lishing itself as a forceful factor in
South American financial and com-
mercial development. The South
American branches of the National
City bank offer all the extra banking
facilities which American business
men require in South America; and,
if they are to be put into rivalry
with branches from the parent re-
serve system, there is no doubt as
to the result—ruinous competition or
a complete withdrawal from the
field.

It is fortunate that the Reserve
Board has been strong enough to
resist Mr. McAdoo's attempt to play
politics with the reserve system and
to make it an agency for wreaking
his personal vengeance. But the
incidents show a vital weakness in
the Federal Reserve System where-
by Secretary of the Treasury is en-
abled even to attempt such prac-
tices. They show further the dan-
gers to which the Federal Reserve
System is exposed so long as a man
like Mr. McAdoo remains at the
head of the Treasury Department.

A prophet is certainly without
honor in his own school system,
when it comes to the New York
schools. The vexatious problem of
part time, due to the growing of
certain sections of the city faster
than the department could build new
school houses, was solved two years
ago by one of the associate super-
intendents devising a system for the
double use of a school building, by
two sets of classes. Dr. Ettinger's
plan was given a half-hearted trial
in one school, but when Dr. Wirt of
Gary, Ind., came along with a sim-
ilar plan the Board of Education
eagerly jumped at it and voted him
and another expert \$10,000 each to
teach them how to do what their em-
ploye had already showed them.

The proposed new constitution for
New York is coming in for some
hard knocks. The American Federa-
tion of Labor has denounced the
document, which means that forty
thousand votes will be cast against
it as sure as election day comes
around. So Elihu Root is to get out
and root for his master piece. Not
one man in a hundred knows what
the proposed constitution provides,
and the mischief of it is that if he
reads the elaborate document he
will know less about it than if he
trusts to the newspaper explanation
of it, for it is a creation of lawyers,
thrust to the front with subsidies and

intricate provisos and is ratified, it
will make fine food for litigation.

There is an increasing demand
even in newspapers formerly far
from neutral, for a revival of the
sturdy Americanism that used to
make all nations respect the rights
of this country. The New York
World editorially says, "There will
be less foreign propaganda in this
country when we have more Ameri-
canism and, by the same token, we
shall have fewer complications
abroad." All of which sounds
something like some of the para-
graphs that have appeared in these
letters during the last three or four
months.

The real neutrals are now asking
a pointed question of those who have
been so eager to denounce Ger-
many for violating the neutrality of
Belgium. Why, they inquire, it it
was all wrong for the Allies to make
a highway of Greece in the face of
the protests of the Grecian Govern-
ment. The only difference, it would
seem, is that Belgium resisted, while
Greece is merely protesting and is
divided against itself on this issue.

So jewelry is to change with the
seasons, which will be hard on Father's
pocketbook, but will stimulate
trade in expensive baubles. The
Jewelers' Association has so ordered
and the "Home Page" of the family
newspaper hereafter will have to run
a department to tell its readers just
what stones and what sort of set-
tings are "in fashion."

Speak a good word for the schools
and the churches, and the business
and professional men, and the in-
dustries, and your neighbors, and
friends, and the people generally.
Speak a good word for the whole
community, and keep on speaking
until others get the habit and be-
gin speaking with you. It is a good
thing for Rushville, and in time
others will be speaking well of you.

Positively the most peculiar form
of criminal aberration is that re-
vealed in New York of a woman of
refinement who has lived in luxury
by robbing worshipers in the
churches.

Amazing Oversight: The yellow
press has signally failed to illustrate
and describe in detail the manner in
which our president placed his heart,
hand and the white house at the feet
of his adored one.

The feminine skirt this season is
distinctive in its brevity. And that
impels the thought that our fashion
czars have no mercy upon the al-
ready overworked masculine eye.

It is related that only once did
a certain man have an opportunity
to get a word in edgewise with his
wife, and that was after she had
talked herself to death.

Again we arise to ponderously re-
mark that kings, emperors and fools
are responsible for this war. And
the fool killer is shooting wide of
his mark.

A Wabbling Party

(St. Louis Globe-Democrat)
Senator Stone has imposed upon
himself a task which will make the
labors of Hercules seem light exer-
cise by comparison. He is to correct
the wabbling tendency of the Demo-
cratic party. He apparently will
restrict his efforts to Missouri, but
the party everywhere is afflicted
with chronic wabbliness: and local
remedies will have little efficacy in
dealing with a constitutional infirm-
ity. Certain critics of the baser sort
may insist on the physician healing
himself. His war-peace policy to-
ward Mexico and his attitude toward
the sinking of the Lusitania have
been about as vacillating as any-
thing in current history. The na-
tional Democratic party has tradi-
tionally wobbled on the money ques-
tion and on the tariff. But it is
not necessary to revive unpleasant
old memories. The present adminis-
tration affords examples and to
spare. The exemption of tolls and
its repeal, the unprecedented extra-
vagance of a party committed to
Jeffersonian simplicity and economy,
the violence done the merit system
it has pledged itself to extend,
protect, the vacillation on prepared-
ness, the kaleidoscopic Mexican pol-
icy, the substitution of correspond-
ence courses for the reformatory
threatened at Baltimore, and the ad-
miration by Congress in favor of the
executive against whose energetic
measures the party once fulminated,
are some examples. Others will fol-
low, including the repudiation of the
one-term pledge. It is probable that
the nation will see a more emboldened

within a few months. The Demo-
cratic party not only blows where it
listeth, but its swift changes of
direction wear out weather vanes.

As for the Missouri Democracy,
the main achievements of which it
can rightfully boast had been block-
ed by a Democratic General Assem-
bly when proposed by a Republican
governor. It fulfilled the home rule
pledge of 1912 and then assisted in
undoing it with the referendum. It
wobbled so on the prison labor ques-
tion that it is impossible even now
to tell whether it is coming or going.
The wabbling on the school fund
deal is so painful that the Humane
Society is trying to suppress com-
ment. If Senator Stone can steady
the steps of the Democrats of the
state or nation he will win deserved
renown as the greatest living spe-
cialist on political locomotor ataxia.

MORTON AS A LAWYER.

Morton was especially strong as
a pleader. He had no taste for
routine office work, which he turned
over to his partner who drew up the
briefs. But once in a case, he
worked like a Trojan. He had a
wonderful faculty of going right to
the heart of an argument. Disdain-
ing the arts of the rhetorician, he
bore down on his opponents with the
sheer force of intellect and reason.
"Before a jury he was irresistible,"
it was said of him. "He literally
annihilated everybody connected
with the bar of Wayne county, and
walked rough shod all over other
lawyers of his circuit." There was
great rivalry between litigants to se-
cure Morton's services.

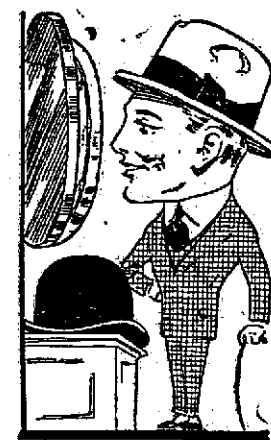

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.
Edwards' Olive Tablets.

The secret of keeping young is to
feel young—to do this you must watch
your liver and bowels—there's no need
of having a sallow complexion—dark
rings under your eyes—pimples—a bil-
lious look in your face—dull eyes with no
sparkle.
Your doctor will tell you ninety per cent
of all sickness comes from inactive bowels
and liver.
Dr. Edwards, a well-known physician in
Ohio, perfected a vegetable compound
mixed with olive oil to act on the liver and
bowels, which he gave to his patients for
years.
Dr. Edwards' Olive Tablets, the substi-
tute for calomel, are gentle in their action,
yet always effective.
They bring about that exuberance of
spirit that natural buoyancy which should
be enjoyed by everyone, by toning up the
liver and clearing the system of impurities.
You will know Dr. Edwards' Olive Ta-
blets by their olive color. 10c and 35c per

SHOWS VALUE OF BIRTH RETURNS

Indiana State Board of Health Bulletin Dwells on Importance of Making Registration.

LAW MAKES IT MANDATORY

The State Board of Health receives daily letters of personal applications requesting transcripts of birth certificates. These are to be used in the courts to prove right to property, right to insurance and right to pensions. In one instance lately, a sailor in the United States Navy wished to prove he was native born and the date of his birth. He was born in Gibson county as was afterward discovered by much search. Some good people wished to adopt little Grace Brown of Bartholomew county who was two or three years old when her mother died. They desired to know accurately the date of her birth, but it was found that the doctor in attendance did not make out a certificate of birth and this together with some other matters which could not be settled concerning the birth, prevented the adoption of the child. In this instance the physician struck the little child a blow for which he should be ashamed. The mother who neglects to see to it that the birth of her child is registered, as the law commands, makes a great mistake. The physician who fails to report a birth he attends, disobeys the law, and does not perform his full duties to his patient and to medical science. Mothers, see to it, that your physician reports the birth of your child to the health officer for legal record. The fee of the physician is outlawed if he does not report births within thirty-six hours after occurrence.

RICHMOND LOST TO LOCAL TEAM

Rushville Had Little Difficulty Running up Twenty-Six Points* Against Visitors.

FUMBLING PROVED COSTLY

Ball Recovered on Kickoff Paved Way For Second Touchdown—Cambridge City Next.

Rushville defeated the Richmond team Sunday afternoon by a score of 26 to 0. The local team played in improved form and the heavy backfield plowed through the Richmond line time after time. Rushville used straight football, only about two forward passes being successful the entire afternoon.

Rushville's first touchdown came in the first five minutes of play. Richmond kicked off to Rushville and a series of line plunges pushed the ball over. The goal was missed. Fumbles were costly for Richmond and the failure to recover punts lost them many yards. After scoring the first touchdown, Rushville kicked to Richmond and in fumbling the ball Rushville recovered it on Richmond's thirty yard line and then proceeded to push it over for the second marker of the quarter.

In the third period Richmond braced and started a march up the field. First down was made about three times by Richmond in this period and Rushville held for downs on the twenty yard line. This was as close as Richmond came to scoring. The Richmond team showed a lack of practice and came here with only eleven men. Mattox, Worster, Gunning and Denning did good work for Rushville in carrying the ball. The Cambridge City team plays here next Sunday. The lineups and summary:

Rushville (26)	Richmond (0)
Harding	L. E. Ingalls.
Smith	L. T. Todd
Blackley	L. G. Raney
Blackledge	C. Henderson
LaBarger	R. G. Arntz
Carroll	R. T. B. Shinn
Burk	R. E. Sheridan
Gunning	Q. Dunning
Mattox	L. H. W. Shinn
Worster	R. H. Hale
Denning	P. B. Hampton

Score by quarters:
Rushville— 12 7 0 7
Richmond— 0 0 0 0
Touchdowns: Worster, Mattox (3). Referee Sparks.

GWYNNEVILLE, 28; NEW PALESTINE, 0.

The Starfish giants, of Gwynneville again defeated New Palestine, at Gwynneville Sunday, showing that the recent 18-0 victory was no fluke. The contest was fast and clean throughout and a large and enthusiastic crowd witnessed the game. The Palestine team played straight football throughout the entire game while the Gwynneville team made good gains by a code of silent signals. The Gwynneville Regulars play the Charlottesville aggregation, which recently trimmed them by a 38-0 score at Gwynneville, next Sunday.

BOWLERS ENTERED

Omaha, Neb., Nov. 1.—Entries for the Mid-West Bowling association's twelve-day tournament to be held here November 19, closed today. Nearly 600 teams from all over the Middle west will participate.

Youngsters Tie It Up.

The Rushville Russians, a football team composed of Rushville boys, played a Knightsdown Home eleven to a tie—six to six—Saturday afternoon. Both teams were fast and heavy. The Knightsdown bunch relied mostly on the forward pass, but the locals used straight football most of the time. The Russians lined up as follows: Frazier and Stoops, ends; Pearcey and Keating, tackles; Howe and Risk, guards; Bullets, center; Jones, quarter; Doll and Osborne, half backs, and Caron fullback.

VERY LITTLE DAMAGE DONE

Hallowe'en Passes Off Quietly—Many Grotesque Costumes Seen.

Not as much destruction of property as usual was noted in the celebration of Hallowe'en here Saturday night. The down-town streets were crowded with people and there were many grotesque costumes. The Uniform Rank, Knights of Pythias dance was the scene of most of the hilarity. Several hundred people stood around the dance pavilion until late Saturday night and watched the merry-makers. Special police were on duty all over the city and no malicious destruction of property was reported.

GREECE NOT LIKELY TO ENTER THE WAR

Feeling There Concerning Participation is About Same as in the United States.

SMALL CONFLICTS POSSIBLE

Athens, Nov. 1.—Chances that Greece will enter the war are of the remotest at present. Greek public opinion concerning participation is exactly what public opinion is in the United States. Everybody wants to keep out of the war.

If the Bulgarians in their fight with Serbia should spill over the Greek frontiers, small Greco-Bulgarian conflicts would be possible. Germany promises, however, that the Bulgarians will not do this. Ex-Premier Venizelos remains in Athens.

WAR NEWS OF ONE YEAR AGO TODAY.

(By United Press.)
* Turkey's apology without reparation for her bombardment of Russian ports was scorned by Allies and war declarations threatened. Ypres and Arras advances, bombardment of Czernowitz and repulse of Russian attacks in Russian Poland were claimed by Germany.
* The North Sea was mined and closed to commerce by the Allies. Progress near Dixmude and a lessening of German attacks generally was France's report. Repulse of Germans in East Prussia, strong offensive beyond the Vistula with no German opposition and fierce fighting with Austrians on the San in Galicia were reported by Russia.

ELECTION IN JERSEY

Trenton, N. A Democrat, Edward E. Grossenp, the present treasurer, is chairman of the State democratic committee. In the next legislature there will be the making and breaking of booms for Governor and United States Senator, offices which are to be filled in 1916.

THEY ALL DEMAND IT

Rushville, Like Every City and Town in the Union, Receives it

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Rushville evidence of their merit.

Mrs. Will Wolf, 1021 North Oliver street, Rushville, says: "I was having quite a bit of trouble with my kidneys. My back was weak and ached all the time. The kidney secretions were too frequent in passage and I had headaches and dizzy spells. As others of my family had used Doan's Kidney Pills with good success, I got some at Fox Brothers Drug Store. After finishing a few boxes I was cured and I haven't had any trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Wolf. Foster-Milburn Co., Props Buffalo, N. Y. (Advertisement)

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

AIR RAIDS MAKE LONDON DARK

Gets Title of Darkest City in The World Since Germans Started Their Night Flights

WINDOWS ARE ALL SHADED

Street Accidents Many as Result of Situation—Not Even an Electric Sign

BY WILBUR S. FORREST (U. P. Staff Correspondent.)

London, Oct. 6: (By Mail)—London, the Darkest City in the World! Such is this ancient town's title. Zeppelin raids have indeed made it The World's City of Darkness.

Imagine, if possible, London one hundred years ago, before Benjamin Franklin started to experiment with a key on a kite string; before Edison began to see the possibilities of small wires in a vacuum glass globe; before the great power plants were built.

Imagine, Broadway without a gleam of light; State street, Chicago, without an electric sign; Market street, San Francisco, without its "White Way" and even then it would be hard to imagine how dark the Zeppelins have made London.

The great Strand, whose hotels and electric signs once sent light far into the upper void, is as black as the Ace of Spades. Piccadilly, Regent street, Westminster and all the rest are equally black. Add to this an early autumn London fog and the approaching "black fogs" of winter and London will be found as dark as an American cross roads village at midnight.

Even the silent Thames, which the Germans claimed guided them to London on the last memorable raid is doomed to blackness. Lights that for generations have reflected their yellowness on the swift waters have ceased to shine. Moonlight alone can make the Thames reflect visibly at great altitudes and Zeppelins are not moonlight birds. Darkest nights are Zeppelin nights and in them London needs must resemble the black nothingness of open country.

Residential districts, suburbs and all, must curtain their windows and shade their lights. Police constantly watch for unshaded windows and if a violation is found, a sharp warning is administered. A second offense means a stiff fine. Shopkeepers report record sales of candles.

From Piccadilly Circus, where the figure of Mercury on the fountain, can now, after dark, be scarcely seen fifty feet away, to Bond street, noted the world over for fashionable shops, night is supreme. The shops of fashion pull down their curtains shortly after 8, put their diamonds and other precious wares into Zeppelin proof safes and wait for daylight. What Bond street is doing is vogue. In fifty shopping districts within the metropolitan area shopkeepers have decided to close at 8 three nights a week, at 9 on Fridays and 10 on Saturdays. After 6, customers are forced to shop in semi-darkness.

On the streets motor omnibuses, taxicabs and vehicles of all varieties limit speed and activity after nightfall. The "buses" crawl through the haze with darkened interiors and showing faint blue and red lights fore and aft. Passengers of these "craft" are just beginning to know their approach by the sound of their motors.

Taxicabs drone along at slow speed, the driver always on a nervous strain for fear of bumping some groping pedestrian. The situation will be somewhat aided, if a suggestion to whitewash all of the city's 40,000 miles of curbstones is carried out.

London's already heavy street accident casualty list is expected to be almost doubled by the new situation. The authorities are under stood, however, to have taken this into consideration, believing it better to have people killed singly by accident than in groups by Zeppelin bombs.

In addition, it is agreed, the former is much easier on the nerves of the whole population.

FRIENDLINESS IS NEEDED IN WORK

Speaker at State Conference Says Sense and Sentiment Should Rule Charity Efforts.

"HANDOUT" IS NOT CHARITY

(By United Press.)

Richmond, Ind., Nov. 1.—A message of friendliness was brought to the Indiana State Conference of Charities and Corrections today by J. F. Jackson of Cleveland. Organized friendliness, he said, is needed in charity work. He spoke for "sense and sentiment."

"Every form of human activity is coming to be organized, from running railroads to selling newspapers on the street," he said. "Friendliness needs to be organized also in our modern cities in order to be effective. If we wish our giving to benefit the recipient and not merely to warm the cockles of our hearts, our giving must be co-ordinated with other people's giving—it must be organized as part off the community movement towards better conditions. Sense and sentiment are both essential to effective social service. Organization without friendliness is as futile as friendliness without organization."

He spoke against the handout. "If charity were mere almsgiving and almsgiving were charity, very little would be necessary. The handout is not charity."

FRENCH POLICY WILL NOT CHANGE

New French Premier Says County's Fixed Purpose Will be to Crush German Militarism.

CONTINUE WITH THEIR ALLIES

BY WILLIAM PHILIP SIMMS. (U. P. Staff Correspondent.)

Paris Nov. 1.—"Deviation not one iota from the country's fixed purpose to win the war and crush German militarism," Premier Driand told me in an exclusive interview, "will be the new ministry's policy."

"This was the old ministry's platform," he continued, "and it will be ours."

"I desire the world to understand thoroughly," he went on, "that the change of ministry implies no change in policy. We continue firmly with our allies, our common motto being: Victory."

"For through victory alone will be won permanent peace. "No compromise is possible."

Farmers of Northwest Sell Less Than 1 Per Cent of Wheat

(By United Press.)
Minneapolis, Minn., Nov. 1.—Less than 1 per cent of the gigantic grain crop of the Northwest has reached the market. Four million bushels less grain has been marketed thus far this year than at the same time last year.

Lumber dealers report an unparalleled demand for cheaper lumber, and this coupled with low grain receipts, grain gamblers say, means that the farmers of the Northwest are holding their grain. That the farmer is prepared to hold his grain until he gets \$1.25 a bushel for it, is a statement often heard.

MUTUAL TOLERANCE BANNER

(U. P. Staff Correspondent.)
San Francisco, Nov. 1.—Women of every race and creed; women of every walk of life, suffragists and antis, neutrals and belligerents, unfurled here today the banner of mutual tolerance.

Under the auspices of the International Congress of women, these delegates from almost every land on the globe opened their six-day convention, under an iron-clad agreement not to talk suffrage, peace or religion. There was, however, plenty of talk.

Church women, Red Cross and charity workers, society women, clubwomen, foreign women were here. Pan American day will be one of the big features of the congress. The women will try to establish more of an entente cordiale between the women of North and South America.

"We are going to see if we cannot overcome prejudice between the Latin American and the Anglo-Saxon American," explained Mrs. F. H. Colburn, who is in charge. "We stare and bristle at each like quills on a porcupine. The Latin American woman smokes, but does not go on the streets without a chaperone. The Anglo American woman (that is, the most of her) does not smoke, but she goes and comes where she pleases. Each hold their social customs against the other."

ONCE MOUNTAINEER WORKER

Prof. H. J. Derthick, formerly in charge of the work among the mountaineers of Kentucky and now at the head of the city mission work in Indianapolis which is being conducted by the C. W. B. M. will be a special guest at the annual banquet of the Christian Women's Missionary society and the Young Ladies Circle of the Main Street Christian church in the basement of the church Wednesday evening at six-thirty o'clock.

Recital of his experiences is expected to be one of the most interesting things ever heard here. Prof. Derthick is active in the Bethany social center and Flannel House work in Indianapolis. The Bethany social center is a mission work among foreigners, mostly Hungarians, and the Flannel House is for colored people. Women members are urged to be at the church by six o'clock with their baskets so that the banquet can begin promptly at six-thirty.

BRITISH PRIZE COURT HOLDS TWO VESSELS

NO REASONS ARE ASSIGNED

(By United Press.)
Washington, Nov. 1.—The American steamer Llana was seized by a British prize crew and afterward run aground off the coast of Scotland yesterday, according to a report today to the state department by the American consul at Dundee, Scotland.

No reasons for the seizure were given. The seizure of another American vessel, the Hocking, by a British warship was also reported today to the state department. American Consul Young of Halifax wired that the Hocking was brought into Halifax yesterday in command of a British prize vessel after having been halted by British warships patrolling the American coast off New York.

MEAT INSPECTION RULES EFFECTIVE

After Today Uncle Sam Promises
Better Protection For Stomachs
of His People.

NEW SANITARY REGULATIONS

(By United Press.)
Washington, D. C., Nov. 1.—New and drastic meat inspection rules, for protection of the American stomach, are in effect today. Their operation began officially, yesterday but packing houses and abattoirs were not affected until today. Destruction of diseased animals by U. S. meat inspectors before they enter the slaughter house is one of the new rules. Heretofore effected animals were slaughtered on the same killing floor with healthy animals and were not condemned until later.

Violation of the meat inspection law is made punishable by a new penalty of withdrawal of government inspection, putting the offending concern out of interstate commerce.

A new rule in favor of the packers is that permitting them to sell "second class" cooked meat, providing it is so labeled after sterilization. Sale of raw pork in summer sausage and other forms for eating without cooking is prohibited.

Drastic new sanitary regulations for slaughter houses is another feature of the new regulations in effect today.

MOONLIGHT SCHOOLS OPEN

Raleigh, N. C. Prepares For Child
Who Never Had a Chance

(By United Press.)
Raleigh, N. C., Oct. 30.—"Moonlight schools" will open tonight throughout the state, Gov. Craig having proclaimed November "Moonlight School Month."

In a state-wide appeal, Gov. Craig pointed out that there are in North Carolina 132,000 white persons over 10 years of age who cannot read or write. This, he said, is because they "had no chance," being handicapped by inadequate school facilities in North Carolina after the war.

Schools for adult, white, illiterate men and women will be held throughout the state every evening after working hours. On clear, moonlight nights reading classes will be conducted out-doors.

Better Babies.

The crusade for better babies has spread from coast to coast, and taken firm hold of American Mothers. Few women realize how much the ill health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs which for nearly forty years has been the standard remedy for these ailments.

Pyorrhea—the disease nearly everybody has

No matter how sound your teeth may seem to be, no matter how you may scoff at the idea of your having this disease, it is a positive fact that the germ which causes it is working now in your teeth.

The appalling discovery of this fact—that the germ which causes pyorrhea is one which inhabits every human mouth—was made over a year ago. Since then dentists have been urging everyone to take special precautions in their daily toilet to prevent this disease from developing in its acute form of bleeding gums, tenderness in chewing and loose teeth.

To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the

public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 505 Union Central Bldg., Cincinnati, Ohio.

Storm Buggies that Will Keep You Warm, Look Nice and Wear Well. That's the Kind.

Everybody wants a nice storm buggy and I have one for everybody. Some of my competitors are going to quit selling buggies, or at least they advertise they are, and I am going to take their word for it, and just between ourselves, I have been looking for it for sometime, and I have reason for looking for it. Every year I sell more buggies than I did the year before and there is not much room left for competition. You naturally ask the question "How do you increase your buggy business all the time?" and the answer is that I give more buggy value for the money than anyone else, treat everybody alike and treat them right. I can prove I give more value for the money than my competitors as I am handling a storm buggy this winter, formally sold by one of my competitors, and I am selling it for \$10.00 less than it ever sold for before, remember the same buggy for \$10.00 less. Maybe you bought one last year and paid the extra \$10.00. If you did, remember when you need a buggy look around. It has saved lots of vehicle buyers money to buy them of me, and I want you for a customer. The only way you can sell things right is to buy them right, and not throwing any bouquets at myself, I sure buy right and I want to give you the advantage of good buying. Good buying, and a large volume of business make it possible for me to sell you a buggy from \$10.00 to \$15.00 cheaper than any one else. It is a simple proposition to figure out how it is done, and when you get ready to buy a buggy, buy where the majority buy, and save.

HUNTING WILL BE RESTRICTED

Prevalence of Hog Cholera This Year Will Have Effect on the Fall Sport.

HUNTING LICENSES ARE SOLD

Many Farmers Keep Lands Posted to Prevent Spread of Disease—Summary of Laws.

Many men and boys are calling at the county clerk's office now to secure hunting licenses; the business getting a little more brisk each day. The quail season opens November 10, and a fairly good crop is reported in Rush county. Some hunters already have been shooting birds, it is said, but there always are a few who never consider the hunting laws, and sooner or later they get in bad.

The hunting territory will be more restricted than ever in this county this fall, because so many farmers have their land posted. Experts say that for a hunter and his dog to walk across a lot where there has been hog cholera and then pass through a hog lot where there has been no disease, is a good way to spread the cholera. On that account hundreds of farmers are going to keep hunters and dogs off their farms this fall if possible. A heavy fine is provided for those who hunt on land without securing permission of the owner or tenant.

A brief summary of the state hunting laws follows:

It is unlawful—

To hunt off your own premises without a license, except that any honorably discharged soldier, sailor or marine who shall have served in the civil war may hunt during open seasons without license.

To kill or to possess either dead or alive, at any time, except for breeding purposes, any deer, wild turkey, or pheasant, except that owners of private parks may kill deer reared therein.

To net or trap quail at any time or to possess nets or traps for the purpose of catching them.

To kill or possess quail or ruffed grouse before the tenth day of November or after the twentieth day of December.

To kill or possess more than fifteen quail in any one day or to possess more than forty-five at one time during the open season.

To sell or offer for sale, directly or indirectly, any quail at any time.

To kill or possess any waterfowl before the first day of September or after the fifteenth of April.

To kill or pursue any waterfowl between sunset of any day and sunrise of the following morning.

To pursue any waterfowl with a launch or any boat except a row boat or push boat.

To kill more than fifteen ducks, geese, brants or other waterfowl in any one day, or to possess more than forty-five at one time.

To hunt squirrels before the first day of July or after the first day of November.

To hunt rabbits with a ferret at any time.

To hunt woodcocks before the first day of July or after the first day of January.

To hunt with any kind of firearm on Sunday.

To hunt any kind of game except waterfowl from the tenth day of January to the first day of April.

To kill or injure any prairie chicken, ring-necked or other pheasant or Hungarian partridge, at any time. Except that any one person shall be entitled to kill not more than five prairie chickens in any one day from the 15th day of October to the first day of November.

To kill, trap, possess, sell or destroy the nest of eggs of any wild bird, excepting game birds, English sparrows, black birds, crows, hawks and other of prey.

To hunt on any land without first procuring permission to do so from the owner or tenant thereof.

To hunt any game by means of a searchlight attached to an automobile or to shoot along or upon a public highway.

The list of appointments made by the Holiness church for the year, shows that a minister by the name of Wainseott has been assigned to the Shelbyville church, says the Shelbyville Republican. Wainseott has been at Rushville for the last year. With him is his brother, John Wainseott, who for years was in Shelbyville. John Wainseott is almost totally blind. He is a big nuisance, as the police of Rushville will testify. Arrested there on a charge of bootlegging, he was given a heavy sentence, which was suspended when the minister's brother offered to take the man with him when he was transferred. So Shelbyville gets him.
